

## Trockenmittel (Clay desiccant)

**Product specifications**

Material:	Bentonite clay
Appearance:	Grey granules in a white bag
Bag:	Non-woven with dissipative coating
Unit weight:	35 grams
Using temperature:	Up to 50° C
Moisture:	Efficient from 15% to 50% HR
Moisture absorption:	5.9 gram/unit of H <sub>2</sub> O at 20% HR; 6.8 gram/unit at 40% HR
ESD protection:	Surface resistance (bag) < 10 <sup>11</sup> Ω
Reactivation:	120° C (245° F) during 16 hours
Conservation:	Store away from moisture
Packaging:	Packed in moisture barrier bag
Standard compliance:	EN 61340-5-1 MIL-D-3464E
